

SSA Europe GmbH
Technical adhesive tapes

**Your partner for innovative solutions in
the field of adhesive and die-cutting technology**

Practical
Cost optimized
User friendly

SSA Europe GmbH

Technical adhesive tapes

SSA Europe GmbH is an efficient supplier for your die-cut and moulded parts made from adhesive tapes and foams. You can't always find articles that are suitable for your applications on the market. The individual advice provided by the SSA sales team and the development of the product together with the customer make it possible for parts to be optimally adapted to your production lines.

At SSA we make the customer the focal point of our work. Optimize your production processes by targeted deployment and custom-specific development!

Profit from our know-how in our capacity as tesa's official converting partner. Since early 2010 we have been fortunate to have the company PANA Foamtec GmbH, a pioneer of foam processing, at our side as an experienced partner.

The main objective of SSA Europe GmbH is to be able to meet all the requirements of our industrial customers. Close cooperation with our customers is the decisive criterion for sustained success together. Our flexible field personnel and the highly efficient colleagues at our headquarters guarantee the rapid development of customized solutions for all areas of application. This puts SSA Europe GmbH in a position of being able to supply products that meet the quality requirements and all the prerequisites for fast and smooth further fabrication on site.

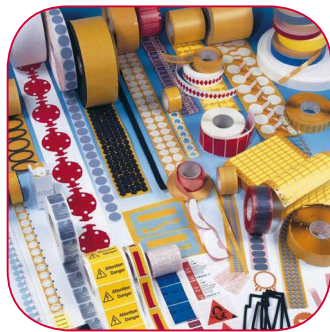

At our company the taking into consideration of the tangible production processes is a self-evident part of the definition of the product.

**We regard your order as a challenge.
Put us to the test!**

Our products in detail

- SSA FORM stamped and shaped parts made from adhesive tape
- SSA GUARD surface protection films
- SSA MOLL foam sealing tapes and profiles
- SSA SPLICE belt fasteners and components
- SSA MOUNT double-sided foam adhesive tapes
- SSA LABEL labels for covering, protection and identification
- SSA TEX duct tape
- SSA FIX double-sided adhesive tapes
- SSA MASK crepe tapes
- SSA PACK PP and PVC packaging adhesive tapes

SSA's technical adhesive tapes and the technical parts made from them are highly valued in many important branches of industry. Articles produced by us meet the most incredible of requirements and are able to withstand all possibly conceivable loads. They remain adhesive for a long time, have high bonding strength and, when required, can be pulled off without leaving a residue. They defy the sun, wind and weather, are intended for automated production processes and are also suitable for manual fabrication. They offer professional surface protection, enable fast bundling and fixing and are able to provide protection thanks to their solid durable masking material. And with all our solutions we also ensure efficient implementation from the commercial perspective. Whatever the task that you need solving, SSA Europe GmbH and its efficient partner will take every opportunity to provide you with assured quality.

Areas of application

Products from our company can be used in an incredible variety of different ways.

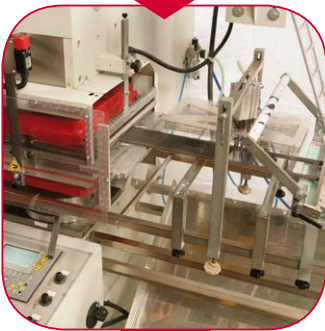

Here is a range of the industries that put their trust in us:

- The automotive industry & component supplying industry
- Boatbuilding and shipbuilding
- The electronics industry
- The skilled trades
- Domestic appliance manufacturing
- Lifting and handling equipment
- Construction of buildings and civil engineering
- The aeronautical industry
- Machinery manufacture
- Medical technology and orthopaedics
- Product protection and product identification
- Solar and wind energy
- Sports and entertainment
- Technical trade
- Packaging
- Logistics

From the prototype to series production

All standards and specifications are checked in advance. Together with you, we then develop customized solutions for your applications and adapt them optimally for further processing.

Our experienced staff provide you with detailed advice and draw up individual calculations. Production is performed to order. Thanks to our efficient production plants the delivery times remain short, though.

The form, packaging and labelling is performed in accordance with your wishes: either neutral or with your logo. Our experienced logistics partners transport your goods quickly and reliably and, if required, even directly to your customers.

Our philosophy

- Extremely fast processing from the point of your enquiry to delivery
- Best quality for you with the shortest delivery times
- Low-cost solutions for your efficiency
- Our know-how is your competitive advantage
